

Seetru 10mm Nominal Bore Atmospheric Discharge Safety Valve: 818100873

PED (CE) & UKCA approved safety relief valve for Air & Gases.

Technical Specification

Construction:	Brass Body with Brass Seat
Seal Material:	Viton (FKM)
Inlet:	1/2" BSP Parallel
Easing Gear:	Rotalift
Bore Size:	10.00mm
Flow Area:	78.54mm ²
Kdr:	0.670

Operating Conditions

Duty (Medium):	Air
Set Pressure:	3.80 bar g.
Temperature:	15°C

Flow Rates

litres/sec.:	53.11
SCFM:	112.68
Nm ³ /hour:	181.23
kg/hour:	234.24
lb/hour:	516.41

Flows are calculated to the applicable standard stated in the appropriate valve data sheet.
